Responsible Citizens

- Make a positive contribution to the LLC community
- Responded to and valued as an individual
- Fully supported by the LLC team in their transition to adult services

A jointly funded service provided by Education and Social Care

Student Centred

Each Student's curriculum is developed through Personalised Learning and Person Centred Objectives

Students have access to their own individualised learning environment

Staying Safe

- Access to 48 week a year provision
- Transition of students to and from school supported by LLC staff
- LLC environments are set up and organised in a way to reduce levels of stress and anxiety
- Student's reactions and responses throughout each day are recorded, then analysed as necessary, and action plans are set up
- Transitions to other settings including: respite, residential care and adult services are well supported by LLC staff
- Multi agency approach and links with other professionals are embedded

Being Healthy

- Developing physical skills through a range of practical activities to promote a healthy lifestyle
- Exploring healthy eating through making lunch and snacks in structured sessions
- Supporting parents and carers to ensure that each student's individual health needs are met through multi agency working

Successful Learners

- Students are taught to implement the principles of structured teaching throughout all aspects of their lives i.e. routine and visual structure
- Students are taught the skills to regulate their emotions using sensory integration techniques
- A team approach is used to address the personal challenges that each student encounters
- Attention skills are developed in small focused groups

Making a Positive Contribution

- Play an active role in the LLC community
- Celebrate achievements in small focused groups
- Ensure that celebrations are structured appropriately for each student to promote inclusion
- Inclusion of LLC students in main school lessons and events where appropriate
