

Swimming at Trinity School

Trinity school provides swimming for all 11 Lower School groups, 9 Middle School groups and various Hydrotherapy Sessions as part of their weekly timetable.

Students participating in swimming have lessons that are tailored specifically for the students at Trinity School. Our students follow either a hydrotherapy programme or the National Teaching Pool Standards (NPTS) including our very own Pre NPTS to ensure that the students at Trinity School continue to make excellent progress.

As part of the government recommendations and curriculum inserted below with particular focus on page 11 of the article “curriculum swimming provision for SEND pupil” we are currently awaiting a publication on the plan of action for SEND provision.
