

## Trinity Big Lottery Games Competition 11.10.16

Trinity School hosted their first Trinity Big Lottery Games Competition which was a massive success amongst the schools that attended. There were 8 groups in total from William Bellamy, Richard Alibon and Trinity School. Each student had the chance to take part in 4 inclusive sports. There was Dodgeball, Football, Boccia and Boxing. Each station worked on a different skill and all students thoroughly enjoyed the event. A BIG congratulation goes to William Bellamy for winning the first Trinity Big Lottery Games, where their students showed the most inspiration and encouragement to their own and other teams. We cannot wait to have the next fixture at the Sport House where many more schools will join us!
