

Curriculum Update

To all families and friends

Just to say a big thank you to you all for supporting our young people with their learning this year. Lots of you have asked at Annual Review meetings about how you can help so I am really pleased that so many of you came along to our Family Summer Reading Workshops. This was a trial run to see if we could support parents and carers in helping our children with their learning at home, with particular emphasis on reading through the Summer holidays. As this was a trial run, we were sorry we could not invite more families, but we have learnt a lot and are ready to plan more sessions to help more of you next year.

Take a look at the photos - I hope they inspire you to join in next year!

Have a great Summer break. I look forward to seeing you all in the Autumn.

Sue Ball
Deputy Headteacher
