

Trinity Students Trio Of Events at Stratford Olympic Venues 23.11.16

Today was a fantastic day for Physical Education at Trinity School. The day started off with inclusive events where students had the opportunity to test and try different sports and activities. Students learnt how to putt in golf and had the chance to learn dance routines led by specialist coaches.

Charlie Munns was nominated for a Jack Petchey Award that was presented in the John Lewis Olympic Suite. He won a Highly Commended Achievement and was one of only very few nominations who reached this stage. It should also be noted that Charlie was nominated from over 10,000 Panathlon participants. The PE team is extremely proud of Charlie's efforts, talent and leadership in a variety of sporting events.

Finally, some of our Panathlon Athletes were asked to compete in a Boccia event that was held at the Copper Box. Trinity School won the event and have been invited to compete at National Level League.
