

To all our Trinity families

We hope you are all doing well and enjoying the children being back at school. As you know, our COVID-secure measures are working well to keep the school as safe as possible.

## **Please keep testing weekly and report the result to us.**

We have noted that there is a significant reduction in family testing this week. The pandemic has taught us all to look out for others; I would urge you all to find a way to test the main carer in your family once or twice a week to protect you, your family and the children and staff of our school.

COVID is more under control in this country for now, but we still need to remain vigilant to prevent a rise in cases. We really don't want a rise in cases at Trinity where so many are vulnerable. Please play your part to support us.

Stay safe everyone,  
best wishes,  
Sue Ball  
Headteacher

In line with Government policy, test kits are sent to Secondary families, but Primary families must secure their own as follows:

If you have no symptoms you can collect a pack of seven tests from the test sites below. You can also have your quick test done in person at the sites below with the results available within an hour. If you have a smartphone please bring this as it will make registration quicker.

<b>Location</b>	<b>Opening times</b>	<b>Booking</b>
Park Centre, Rectory Road, Dagenham, RM10 9SA	10am to 6.45pm	Walk-in only
Relish, Town Square, Barking IG11 7NB	Mondays, Wednesday and Fridays: 7.30am to 4.15pm	Walk-in only

	Tuesdays, Thursdays, Saturdays and Sundays 10am to 6.45pm	
--	---	--

You can also order rapid tests online to be [delivered to your home on GOV.UK](#). If you prefer, you can also arrange for them to be picked up, free of charge, from a limited number of participating pharmacies. Local pharmacies that are taking part in the scheme can be found on the [NHS website](#).
